PROFESSIONAL SUMMARY

- Over 8+ months of experience in designing and developing scalable web applications using Java/J2EE technologies including Core Java, Spring MVC, Spring Boot, Microservices, and React.
 - Proficient in Spring Framework (Core, MVC, JDBC, AOP) with hands-on experience in UI development using React.
 - Strong in Oracle database management and Spring JDBC for efficient backend integration.
 - Skilled in creating and consuming RESTful APIs, enabling seamless microservices communication.
 - Experienced with Agile methodologies, having strong problem-solving, communication, and team collaboration skills.
 - Passionate about continuous learning, adapting to evolving technologies and software development practices.
-

TECHNICAL SKILLS

- | | |
|----------------------|---|
| • Skill Category | Technologies |
| • Languages | Java, J2EE |
| • Frameworks | Spring, Spring Boot, Spring MVC, Hibernate, JPA |
| • Frontend | React |
| • Databases | Oracle, MySQL, Spring JDBC |
| • Tools & Versioning | Git, Jasper Reports |
| • Containerization | Docker |
| • Others | RESTful APIs, JSON |
-

EDUCATION

- I. Master of Computer Applications (**MCA**)
Biju Patnaik University of Technology | 2019 – 2022
 - II. Full Stack **Java** Developer Training
Naresh IT, Hyderabad | 2022 – 2023
-

PROFESSIONAL EXPERIENCE

- I. Software Consultant
Skytech Commerce | Oct 2023 – Jun 2024
Developed enterprise applications using Spring Boot and Microservices architecture.
Built scalable backend modules, REST APIs, and handled integration of services across the system.
 - II. Java Instructor
Superprof – *Online Learning Platform* | Jul 2024 – Present
Teaching Core Java, Spring Framework, Spring Boot, and JPA to undergrad and postgrad students.
Preparing lesson plans, hands-on labs, and guiding students through real-world project implementation.
-

PROJECT EXPERIENCE

Hospitality Information System (HIS)

Skytech Commerce | Oct 2023 – Jun 2024

Technologies: Core Java, Spring MVC, Spring JDBC, Jasper Reports, Angular 7, Angular Material, Oracle

Team Size: 8 | Role: Developer

Responsibilities:

- Created RESTful APIs using Spring MVC to handle frontend-backend interactions.
- Developed Controller, Service, and DAO layers for business logic and DB operations.
- Integrated Angular components with backend APIs to build dynamic UIs.
- Designed and generated custom reports with Jasper Reports.
- Resolved production bugs and optimized performance using data structures.

Freelance Academic Project Development

Superprof Platform | Role: Mentor & Backend Developer

Technologies: Core Java, Spring Boot, Spring MVC, JPA, MySQL, Hibernate

Responsibilities:

- Built mini and major academic projects for B.Tech and MCA students.
- Delivered complete architecture: login/signup modules, dashboards, validations, and API development.
- Guided students on real-world project design, debugging, and deployment practices.

Declaration: I hereby declare that all the information stated above is true and correct to the best of my knowledge.
