CAREER OBJECTIVE

I am an aspiring software engineer with a BCA background and strong skills in .NET technologies, web development, and database management. I have hands-on experience developing applications like a School Management System using .NET, Service-Based Databases, and Crystal Reports. I'm passionate about learning new skills and delivering high-quality solutions. I'm seeking an opportunity to apply my skills in Web development, and UI/UX design to work on innovative projects and improve user experiences in a dynamic organization.

SKILLS

- .NET, Crystal Report.
- Web Development: HTML, CSS, JavaScript, PHP.
- Databases: MySQL
- Technologies: Git, GitHub
- Figma (UI/UX Designing)
- Soft Skills: Problem-solving, Team collaboration, Adaptability, Continuous learning

EDUCATION

- ❖ BCA | R.K. University | Rajkot, Gujarat (2022-2025)
- ❖ +2 (BSEB) | R.K.D College | Patna, Bihar| (2018-2020)
- ❖ 10th (CBSE) | Shivam Convent | Patna, Bihar| (2018)

EXPERIENCE

- ❖ **Web Development Internship | Codealpha**
(10 Dec 2024 – 10 Mar 2025)

- Participated in a 90-Days intensive Web Development internship program focused on advanced programming techniques.
- Gained hands-on experience in HTML, CSS JavaScript, enhancing skills in writing efficient and scalable code.
- Worked on real-world projects to solve practical problems and implement solutions.
- Collaborated with peers and mentors to review code, debug issues, and optimize performance.
- Demonstrated the ability to learn quickly and apply new concepts to projects, contributing to team success.

❖ **UI/UX Internship | CODEC TECHNOLOGIES INDIA**
(05 Jan 2025 – 05 Feb 2025)

- Completed a 30-day internship focused on **UI/UX design**.
- Learned the fundamentals of designing user-friendly interfaces and experiences.
- Used **Figma** to create wireframes, prototypes, and visual designs for web and mobile screens.
- Designed clean, responsive layouts with a focus on usability and accessibility.
- Worked on real-world design tasks to solve practical user problems.
- Collaborated with mentors and teammates to review and improve design ideas.
- Quickly learned and applied new design tools and techniques to projects.

ACADEMIC PROJECTS

❖ **School Management System** | *Using .NET, Service-Based Database, and Crystal Reports (2024)*

- Built a School Management System to handle student, teacher, and attendance information.
- Used the **.NET Framework** for key features and **Crystal Reports** to create reports like student profiles, attendance records, and performance summaries.
- Set up a **Service-Based Database** in **Visual Studio 2019** for storing and retrieving data efficiently.
- Designed easy-to-use interfaces with **Visual Studio**, making the system faster to develop and easier to use.
- Added features for student registration, attendance tracking, and report creation to simplify school record management

❖ **Mobile Application UI** | *Using Figma.*

Project: All-in-One App for UPI Payments, Cab Booking & Food Ordering

- Designed a mobile app UI in **Figma** that combines **UPI payments, cab booking, and food ordering** into a single platform.
- Created wireframes, user flows, and high-fidelity mockups for key app screens like login, home, payment, cart, ride booking, and order tracking.
- Focused on a clean, user-friendly layout for smooth navigation and user experience.
- Applied **modern UI trends** like bottom navigation, card-style layouts, and micro-interactions.
- Ensured **responsive design** for various screen sizes and accessibility.
- Incorporated features such as **real-time location tracking, payment confirmation, and order history** screens.
- Collaborated on user personas and scenarios to better understand user needs.
- Prioritized performance, simplicity, and visual consistency throughout the design.

ACHIEVEMENTS / CERTIFICATION

- Python Programming
- Certificate For the successful completion of Selenium IDE.
- Certificate For the successful completion of Java Database Connectivity JDBC - JDBC APIs by Infosys.
- Certificate For the successful completion of Introduction to Software Testing by Infosys.
- Certificate For the successful completion of DOT Net Framework.
- Certificate For the successful completion Internship in COdealpha for Webdevelopment and UI/UX Design at Codec Technologies India (AICTE).

LANGAUGES

- **English:** Fluent
- **Hindi:** Fluent
